## DAY 2

- I. Breakfast 7:00 – 7:30**
- II. Keynote - Care Coordination & Health Integration: Now More Than Ever 7:30 – 8:00**
- *Baligh Yehia, MD, MPP, MSc, Senior Medical Director, Johns Hopkins Medicine and former Deputy Under Secretary for Health, U.S. Department of Veterans Affairs*
    - People living with multiple chronic conditions are on the rise, behavioral and substance abuse issues, including opiates continue to mount, settings where care is delivered are expanding, new payment models are sprouting, and costs of care continue to be high. Now more than ever, care coordination and health integration -- hallmarks of primary care -- are needed to deliver safe, effective, patient-centered, timely, efficient, and equitable care. Dr. Yehia will reflect on how health systems, and the Veterans Health Administration, are addressing these challenges.
- III. Keynote - What Can and Should Purchasers Do to Promote Primary Care? 8:00 –8:30**
- *Peter Lee, Executive Director, Covered California*
    - Covered California has used its clout as a purchaser for 1.4 million covered lives to advance primary care through its contracted plans via benefit design, a primary care provider for every enrollee, payment reform, and a focus on an increasing the number of practices recognized as PCMHs. What is working, where are their challenges and what does the future hold?
- IV. Other State and National Strategies to Advance Primary Care 8:30 – 9:15**
